20 March 2024

Dear Sir/Madam,

Invitation for Expression of Interest (EOI) for Provision of Survey Services for Land Resumption Projects

The Lands Department (LandsD) would like to invite practising Authorized Land Surveyors, Registered Professional Surveyors (Land Surveying), and/or Approved Suppliers of Materials and Specialist Contractor for Public Works - Land, Engineering and Hydrographic Survey Services, to submit an Expression of Interest (EOI) for the provision of survey services for the upcoming land resumption projects.

With the development of the Northern Metropolis and other large-scale infrastructures within the territory in the coming years, it is anticipated that extensive land resumption is required. Between 2025 and 2028, there will be about 20 works projects involving potential resumption of around 11 000 private lots. To ensure efficient and prompt delivery of these projects, it is proposed to engage professional land surveyors to provide survey services at early stage of the projects to LandsD, Works Departments, and project consultants for determination of land resumption limits.

The required survey services normally include basic map updating, grave/urn survey, land status checking with land boundary review, and preparation of the provisional draft land resumption plan. To facilitate the collation of survey data and information collected in these surveys in the suitable format, production mapping tools will be provided to the professional land surveyors for the updating of basic map and preparation of the provisional draft land resumption plan. A briefing session will be held on 10 April 2024 to provide the details of the services requirements of the surveys.

If you are interested in providing survey services for land resumption projects, please complete and return the attached form **on or before 3 April 2024**. Your response will help LandsD schedule survey services more effectively based on available manpower in the market. To learn more about this invitation for EOI, it is recommended that you attend the briefing session as scheduled in the attached form with further details.

測繪處 Survey and Mapping Office

All replies will be treated confidentially. For only those who have expressed interested in providing survey services, their details will be shared with LandsD, Works Departments, and project consultants for the purpose of manpower planning.

If you have any questions or require further information, please do not hesitate to Mr. NG Wai-wang, Land Surveyor of District Survey Office/ Yuen Long at 3547 1341 or e-mail to smohq@landsd.gov.hk. Thank you for your kind attention.

Yours faithfully,

(CHIK Wai-nam)
for Director of Lands
Lands Department

Encl.
