I CHAIRMAN'S REPORT

Dear Registered Professional Surveyors,

I am deeply honoured to be the Chairman of the Surveyors Registration Board (SRB) for the year 2013/14 and it is my pleasure to report our works in this Annual Report.

Apart from day-to-day administration of the Board, I wish to highlight the following major works in the year for your information.

Registration

The Registration Committee of the Board examined the applications for Registered Professional Surveyor (RPS) and made recommendation to the Board in accordance with the Surveyors Registration Ordinance (Cap. 417). In year 2014, the number of RPS recorded a steady growth of 3.61% to 2,956 while 150 professional surveyors were newly registered. The Registration Committee has also processed annual renewal application by RPSs which has posed heavy workload on the Registrar of the SRB.

Disciplinary Proceedings

There is a potential trend of increasing complaint case received by the Board as a result of the surge in building maintenance and repair works for existing building in Hong Kong. To ensure the administration of complaint case is effective and keep updated with the changes, the Board has delegated the Administration Committee to review the current set of rules and procedures under the provisions of Surveyors Registration Ordinance (Cap. 417) in relation to the inquiry and disciplinary proceedings on complaint case. The Committee would formulate a set of comprehensive guidelines covering the power to handle complaint and misconduct, rules and procedures in handling complaint, procedure for hearing and disclosure of records of registered professional surveyors.

Communications with related Registration Bodies

On 13 October 2014, I attended a meeting with the chairmen of other allied professional registration boards (RBs) on behalf of the SRB. The purpose of this meeting is to enhance mutual understanding and share on the regulatory efforts made by different allied RBs in pace with the advancement and expectations of the society. Various issues were discussed and views exchanged on administration of disciplinary proceedings and legal support from HKSAR Government, action against mis-use of title, promotion of registered professional identity and attraction of more applications for registration. These regulatory issues are of common concerns to our allied regulating parties for promoting and enhancing the standard and status of the respective building professional including surveyors.

Closing Remarks

I would like to express my sincere gratitude to all Board members and the Honorary Auditor for their dedicated contribution and unfailing support throughout the year 2013/14. I shall also appeal for the continued support and contributions of all Registered Professional Surveyors in bringing our profession to a new height.

Sr Vincent Ho

Chairman, Surveyors Registration Board 2013/14
